## COURSE DESCRIPTION

This is an interactive workshop designed to enhance TB case management and contact interviewing skills of the nurses who attend.

## TARGET AUDIENCE

Nurses who care for patients with tuberculosis

## OBJECTIVES

Upon completion of this course participants will be able to:

- Identify the concepts of tuberculosis (TB) case management
- Describe the essential components of a contact investigation for tuberculosis
- Apply the elements of TB nurse case management to the contact investigation process
- Describe how the concepts of TB nurse case management can be put into practice

## COURSE REQUIREMENTS

Enrollment is limited to Registered Nurses who have TB case management as part of job responsibilities. Participants must read *Tuberculosis Case Management for Nurses: Self-Study Modules* prior to attending the workshop.

## REGISTRATION PROCESS

Please complete the attached application, and return it to:
