

## ***HUMAN RESOURCES – COMPENSATION SERVICES***

### **MINIMUM WAGE UPDATE**

Beginning July 24, 2009, the minimum wage will increase to \$7.25 per hour.

To comply with this regulation, the rate of any employees falling below the \$7.25 per hour threshold will be automatically changed.

A New Jersey Minimum Wage Advisory Commission was created to annually evaluate the State's minimum wage.

Compensation Services will keep you informed of future increases of the minimum wage enacted by the State, at which time, rate changes will be made accordingly. For more information, you can visit the Department of Labor website at <http://www.dol.gov>.
