1.0 INFORMATION FOR BIDDERS

1.1 Purpose and Intent of the Procurement

1.1.1 Purpose

This Supplemental Request for Proposal (RFP) is being issued by the University of Medicine and Dentistry of New Jersey (UMDNJ), Department of Purchasing Services on behalf of the New Jersey Dental School (NJDS).

The purpose of this RFP is to enter into Contract(s) to furnish various dental implantable devices, ancillary/supplemental supplies, parts and tools/instruments to the New Jersey Dental School. The various implantable devices may be of the following types: craniomaxillofacial, oral/maxillofacial, or dental. These types include any and all implantable devices that are customarily used in every aspect in the profession of dentistry.

1.1.2 Intent

The intent of the UMDNJ through this RFP is to award contracts to those responsive bidders whose bid proposals conform to the RFP and are most advantageous to UMDNJ, price and other factors considered.

1.2 Background

UMDNJ-NJDS has a prominent role in the University's plans to create the health sciences university of the future. The number one priority of the UMDNJ-NJDS is to ensure that each and every student receives an outstanding education in an environment of opportunity; the opportunity to learn, to practice and to serve.

The New Jersey Dental School – Dental Implant Center (NJDS-DIC) serves as a center of excellence in implant dentistry. It is a multi-departmental center that provides a network team for service, education and research programs. It functions as an educational unit for study and research enabling unification of thought and practice in the area of implant dentistry. The NJDS-DIC is responsible for integrating the pre- and post-doctoral academic and clinical programs of the NJDS with regards to implant dentistry.

Approximately 1000 New Jersey Dental School patients received dental implants and/or ancillary implant related procedures in 2008. NJDS would expect to spend approximately \$430,000 to \$480,000 annually in dental implantable devices, ancillary/supplemental supplies, parts and tools/instruments for undergraduate and post-graduate educational programs as well as for the clinical treatment of patients.

1.3 Method of Engagement

For the purposes of this RFP, all bidders shall be defined as manufacturers and/or distributors of dental implantable devices, ancillary/supplemental supplies, parts and tools/instruments that UMDNJ-NJDS is currently using and, in the opinion of the appropriate dental professional, as manufacturers and/or distributors of dental implantable devices and products that may prove necessary to the University in the near future.

A bidder selected to be a Contractor shall be deemed either a Primary Contractor or a Secondary Contractor. A Primary Contractor shall be defined as a manufacturer or distributor that provides the highest volume of product to the University in relation to its corresponding volume discount pricing that it offers. A Secondary Contractor shall be defined as a manufacturer or distributor that provides a lower volume of product to the University AND meets any of the following criteria:

- a) the product is manufactured or sold by one single firm.
- b) the product requires extensive training in its use and application.
- c) the product is considered new technology, new product or never-before-offered.

It will be possible to have more than one Primary Contractor which shall be determined by the Evaluation Committee. At that point, the Primary Contractor shall be known as the “default vendor” or “default Contractor” or “the vendor of choice”. All such determinations shall be an internal decision and at the sole discretion of the University and the NJDS.

Although all Secondary Contractors shall be permitted to sell to the University, the method of engagement shall be that the Primary Contractor shall be the Contractor that must be used for any purchases that meets the definition of a Primary Contractor stated in this Section.

The University shall, at its sole discretion and after consulting with the appropriate staff, evaluate all proposals using the criteria listed in Section 6.0 and make a final determination as to which of the proposals are deemed to be in the best interests of the University.

In the event that it becomes necessary to clarify or revise this RFP, such clarification or revision shall be by addendum. If any addenda are issued for this procurement, it shall be distributed to all bidders who were sent the RFP and attended the non-mandatory pre-bid conference.

Any addendum to this RFP shall become part of this RFP and part of any Contract resulting from this RFP.

1.5.3 Issuing Office

This RFP is issued by the UMDNJ, Department of Purchasing Services. The buyer noted in Section 1.4.1 is the sole point of contact between the bidder and UMDNJ for purposes of this RFP.

1.5.4 Bidder Responsibility

The bidder assumes sole responsibility for the complete effort required in this RFP. By submitting a proposal in response to this RFP, the bidder represents that it has satisfied itself, from its own investigation, of all the requirements of this RFP. UMDNJ is not responsible for any debts or payments incurred by the bidder in the performance of this Contract.

1.5.5 Cost Liability

UMDNJ assumes no responsibility and bears no liability for costs incurred by bidders in the preparation and submittal of proposals in response to this RFP.

1.5.6 Contents of Bid Proposal

The entire content of every bid proposal will be publicly opened and becomes a public record. This is the case notwithstanding any statement to the contrary made by a bidder in its bid proposal. All information submitted by bidders in response to a bid solicitation is considered public information, except as may be exempted from disclosure by the Open Public Records Act, N.J.S.A. 47:1A-1 et seq. and the common law.

A bidder may designate specific information as not subject to disclosure when the bidder has a good faith legal/factual basis for such assertion. UMDNJ reserves the right to make the determination and will advise the bidder accordingly. The location in the bid proposal of any such designation should be clearly stated in a cover letter.

UMDNJ will not honor any attempt by a bidder either to designate its entire bid proposal as proprietary and/or to claim copyright protection for its entire proposal. The bidder will be required to withdraw such designation before the bid proposal will be considered for contract award.

In the event of a challenge to the bidder's designation of confidentiality/proprietary materials, the bidder shall be solely responsible for defending its designation and UMDNJ shall have no responsibility therefore.

1.5.7 Price Alterations

Bid prices must be typed or written in ink. Any price changes (including "white-outs") must be initialed. Failure to initial price changes may preclude an award being made to the bidder.

1.5.8 Joint Venture

Authorized signatories from each party comprising the joint venture must sign the bid proposal. A separate Ownership Disclosure Form, Affirmative Action Employee Information Report and, if applicable, foreign (out of State) corporate registration must be supplied by each party to the joint venture.

1.5.9 HIPAA Compliance

As a State Agency, New Jersey State regulations require that we obtain documentation regarding our vendor "HIPAA Compliance" status. In order to be in compliance and conduct business with your company for the procurements of goods and/or services, it shall be necessary for your company to complete a Business Associate Agreement. This agreement involves the access to protected health information that is considered protected pursuant to federal, state and/or local laws and regulations in accordance with the privacy requirements of the "HIPAA" – Health Insurance Portability and Accountability Act of 1996. The requirement is a precondition of entering into a valid and binding contract.

The HIPAA privacy rules permit disclosure of patient information without authorization in certain situations in which no business associate agreement is needed. However, in the day to day interaction of providing the devices and services under this RFP, the Contractor may well have access to information unrelated to the patient receiving the medical device. For example, the Contractor's representative may be in a patient room with a patient not receiving a device. A Contractor's representative may have discussions with a physician regarding the Contractor's device and receive patient information by way of an example for future cases. A Contractor's representative may see another patient's X-rays while in a room reviewing a patient's records. For these and similar reasons, it is prudent to have a business associate agreement in place to safeguard these patients' rights to privacy.

1.5.10 Business Registration Notice

All New Jersey and out of State business organizations must obtain a Business Registration Certificate (BRC) from the Department of the Treasury, Division of Revenue, prior to conducting business with the State of New Jersey. Proof of valid business registration must be submitted by a bidder with its bid proposal. Failure to submit such valid business registration

with a bid shall render the bid materially non-responsive. The business registration form (Form NJ-REG) can be found online at <http://www.state.nj.us/treasury/purchase/busreg.htm>.

The University of Medicine and Dentistry is committed to the prevention and detection of any fraud, waste, and abuse within the University related to all health care programs, including Federal and State programs. To this end, UMDNJ maintains a vigorous compliance program geared in part to educating our community on the range of fraud and abuse laws, including the importance of submitting accurate claims and reports to the Federal and State governments. Our policies prohibit the knowing submission of a false claim for payment in relation to any health care program, including a Federal or State funded health care program. Such a submission is a violation of Federal and State law and can result in significant administrative and civil penalties under the Federal and State False Claims Acts.

To assist UMDNJ in meeting its legal and ethical obligations, any employee, contractor or agent who is aware of the preparation or submission of a false claim or report or reasonably suspects any other potential fraud, waste, or abuse in relation to a Federal or State funded health care program is required to report such information to his or her supervisor and UMDNJ's Office of Ethics and Compliance. As an organization, UMDNJ obligates itself to investigate any such information swiftly and thoroughly through its internal compliance programs and mechanisms. Nonetheless, if an employee, contractor or agent believes that the organization's response is deficient and unresponsive, the employee shall bring these concerns to UMDNJ's Office of Ethics and Compliance. If such follow-up still does not trigger an investigation, after a reasonable period of time, the employee, contractor or agent has the ability to bring his/her concerns to the appropriate government agency under the relevant Federal and/or State laws.

This information shall be provided to all UMDNJ employees and all contractors and agents of UMDNJ.

A material departure occurs when the change increases the likelihood that the waiver from compliance with the RFP is capable of giving the appearance of corruption or favoritism, or encouraging excessive spending or is likely

to affect the amount or price of the bid or to influence any potential bidder to refrain from bidding or is capable of affecting the ability of the University to make a bid comparison, or is unacceptable to the University. The determination of material departure shall be in the sole discretion of the University.

4.6 Contract Amendment

Any changes or modifications to the terms of the contract shall only be valid when they have been reduced to writing and executed by the Contractor and the Manager of Purchasing Services.

4.8 Substitution of Staff

If it becomes necessary for the Contractor to substitute any management, supervisory or key personnel, the Contractor shall identify the substitute personnel and the work to be performed.

In the event the subcontractor is proposed as an addition, the proposed subcontractor's qualifications and experience must equal or exceed that of a similar subcontractor proposed by the Contractor in its bid proposal.

The Contractor shall forward a request to substitute/add a subcontractor to the Manager of Purchasing Services, through the University's Project Manager, for consideration and approval. With respect to software computer programs and/or source codes developed for UMDNJ, the work shall be considered "work for hire," i.e., UMDNJ, not the Contractor or subcontractor, shall have full and complete ownership of all software computer programs and/or source codes developed.

4.11 Data Confidentiality

All financial, statistical, personnel and/or technical data supplied by UMDNJ to the Contractor are confidential. The Contractor is required to use reasonable care to protect the confidentiality of such data. Any use, sale or offering of this data in any form by the Contractor, or any individual or entity in the Contractor's charge or employ, shall be considered a violation of this Contract and may result in contract termination and the Contractor's suspension or debarment from UMDNJ contracting. In addition, such conduct may be reported to the State Attorney General for possible criminal prosecution.

The following shall govern claims made by the Contractor regarding contract award rescission, contract interpretation, Contractor performance and/or suspension or termination.

4.17 Additional Work and/or Special Projects

In the event that the need for additional work and/or a special project arises, UMDNJ will submit such a request to the Contractor in writing. The Contractor must present a written proposal to perform the additional work/special project to UMDNJ. The proposal should provide justification for the necessity of the additional work/special project. The relationship between the additional work/special project being requested and the work required by the Contractor under the base contract must be clearly established by the Contractor in its proposal for performing the additional work/special project. The Contractor's written proposal must provide a detailed description of the work to be performed, broken down by task and subtask. The proposal should contain details on the level of effort, including hours, labor categories, etc., necessary to complete the additional work.

The written proposal must detail the cost necessary to complete the additional work in a manner consistent with the contract. The written cost proposal must be based upon the hourly rates, unit costs or other cost elements submitted by the Contractor in the Contractor's original bid proposal submitted in response to this RFP. Whenever possible, the cost proposal should be a firm, fixed cost to perform the required work. The firm fixed price should specifically reference and be tied directly to costs submitted by the Contractor in its original bid proposal. A payment schedule, tied to successful completion of tasks and subtasks, must be included.

Upon receipt of the Contractor's written proposal, it shall be forwarded to the Manager for written approval. Complete documentation from the using agency, confirming the need for the additional work/special project, must be submitted.

No additional work and/or special project may commence without the Manager's written approval. In the event the Contractor proceeds with additional work and/or special projects without the written approval of the Manager of Purchasing Services, it shall be at the Contractor's sole risk. UMDNJ shall be under no obligation to pay for work done without the Manager's written approval.

4.18 Option to Reduce Scope of Work

UMDNJ has the option, in its sole discretion, to reduce the scope of work for any task or subtask called for under this contract. In such an event, the Manager of Purchasing Services shall provide advanced, written notice to the Contractor.

Upon receipt of such written notice, the Contractor shall submit, within five (5) working days to the Manager of Purchasing Services, an itemization of the work effort already completed by task or subtasks. The Contractor shall be compensated for such work effort according to the applicable portions of its cost proposal.

4.19 Suspension of Work

The Manager of Purchasing Services may, for valid reason, issue a stop order directing the Contractor to suspend work under the contract for a specific time. The Contractor shall be paid until the effective date of the stop order. The Contractor shall resume work upon the date specified in the stop order, or upon such other date as the Manager of Purchasing Services may thereafter direct in writing. The period of suspension shall be deemed added to the Contractor's approved schedule of performance. The Manager of Purchasing Services and the Contractor shall negotiate an equitable adjustment, if any, to the contract price.

These sheets must list complete chemical ingredients including the percentage composition of each ingredient on the mixture (down to 0.1%), the chemical abstract services numbers for those substances listed any

potentially hazardous products which may give off gas during or following application. Failure to do so may constitute reason for termination of the contract.

4.22 Items Ordered and Delivered

University departments are authorized to order, and the Contractor is authorized to ship, only those items covered by the contract. If a review of orders placed by a department reveals that material other than that covered by the Contract has been ordered and delivered, such delivery shall be a violation of the terms of the Contract and may be considered, by the Manager of Purchasing Services, in the termination of the Contract or in the award of any subsequent Contract(s). The Manager of Purchasing Services may take such steps as are necessary to have the items returned by the department, regardless of the time between the date of delivery and discovery of the violation. In such event, the Contractor shall reimburse the University the full purchase price.

4.23 Timely Delivery

The Contract involves items that are necessary for the continuation of ongoing, critical services. Any delay in delivery of these items would disrupt University services and could force the University to immediately seek alternative sources of supply on an emergency basis. Timely delivery is critical to meeting the University's ongoing needs.

4.24 Two-Year Chapter 51 / Executive Order 117 Vendor Certification and Disclosure of Political Contributions

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, Executive Order 134 was signed on September 22, 2004 (EO 134). On September 24, 2008, Governor Corzine issued Executive Order 117, which is designed to enhance New Jersey's efforts to protect the integrity of procurement decisions and increase the public's confidence in procurement. The Executive Order builds upon the provisions of Chapter 51. Pursuant to the requirements of Chapter 51, EO 134, and EO 117, the terms and conditions set forth in this section are material terms of any Contract resulting from this RFP.

4.24.1 Definitions

For the purpose of the section, the following shall be defined as follows:

a) Contribution – means a contribution reportable as a recipient under “The New Jersey Campaign Contributions and Expenditures Reporting Act.” P.L. 1973, c. 83 (C.10:44A-1 et seq.), and implementing regulations set forth at N.J.A.C. 19:25-7 and N.J.A.C. 19:25-10.1 et seq. Currently, contributions in excess of \$400 during a reporting period are deemed “reported” under these laws. As of January 1, 2005, that threshold will be reduced to contributions in excess of \$300.

b) Business Entity – means any natural or legal person business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction. 4.24.2 Breach of Terms of Executive Order 134 Deemed Breach of Contract

It shall be a breach of terms of the contract for the Business Entity to (i) make or solicit a contribution in violation of this Order, (ii) knowingly conceal or misrepresent a contribution given or received; (iii) make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution; (iv) make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate of holder of the public office of Governor, or to any State or county party committee; (v) engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would or solicit any contribution, which if made or solicited by the business entity itself, would subject that entity to the restrictions of EO 134; (vi) fund contributions made by third parties, including consultants, attorneys, family members, and employee; (vii) engage in any exchange of contributions to circumvent the intent of EO 134; or (viii) directly or indirectly through or by any other person or means, do any act which would subject that entity to the restriction of EO 134.

4.24.3 Certification and Disclosure Requirements

a) The University shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money or pledge of contribution, including in-kind contributions to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor, or to any State or county political party committee during certain specified time periods. Accordingly, the Business Entity shall submit with its bid proposal Executive Order 134 Certification in the form set forth in Section 9.0, Form DPP 134-C&D, certifying that no contributions prohibited by Executive Order 134 have been made by the Business Entity. A separate Certification is required for each person or organization defined above as a Business Entity. **Failure to submit the Certificate(s) with the Bid Proposal shall be cause for automatic rejection of the bid proposal.**

b) Prior to awarding any contract or agreement to any Business Entity, the Business Entity, the Business Entity proposed as the intended awardee of the contract shall report all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C.527 if the Internal Revenue Code that also meets the definition of a “continuing

A separate Disclosure is required for each person or organization defined above as a Business Entity. Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the University Buyer, the Disclosure(s) within five (5) business days of the University’s request.

c) Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. A copy of the Continuing Disclosure of Political Contributions is attached hereto in Section 9.0, Form DPP 134-CD.

4.24.4 State Treasurer Review

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the Contractor. If the State Treasurer determines that any contribution or action by the Contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation the State Treasurer shall disqualify the Business Entity from award of such contract.

4.25 New Jersey Election Law Enforcement Commission Requirement

The Contractor is advised of its responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission (ELEC), pursuant to N.J.S.A. 19:44A-20.13 (P.L. 2005, c.271, section 3) if the Contractor receives in excess of \$50,000 from a public entity in a calendar year. It is the Contractor’s responsibility to determine if filing is necessary. Failure to so file can result in the imposition of financial penalties by ELEC. Additional information about this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

4.26 No Non-Compete Clause

The Contractor shall not enter into agreements with employees, independent contractors or any other party which contain “Not to Compete” or “Non-Competition” provisions that would in any way restrict the ability of UMDNJ to provide services in their facilities.

4.27 Foreign (out of State) Corporations

All foreign corporations receiving a notice of Contract award shall be afforded seven (7) days thereafter to register with the State of New Jersey, Department of the Treasury’s Division of Revenue. <http://www.state.nj.us/treasury/revenue/busregcert.htm>

4.28 Applicable Laws

This Contract and any and all litigation arising there from or related thereto shall be governed by the applicable laws, regulations and rules of evidence of the State of New Jersey without reference to conflict of laws principles.

4.29 Tax Exempt Status

UMDNJ is tax exempt. N.J.S.A. 54:32b-1, et. seq., exempts the material listed in this RFP from New Jersey State Sales or Use Taxes.

4.30 Late Delivery and Liquidated Damages

The Contractor must immediately advise the Vice President of Supply Chain Management of any circumstance or event that could result in the late completion of any task or subtask required to be completed on or by a certain date.

The Contractor shall not be liable for any failure or delay in performance under the Contract to the extent said failures or delays are proximately caused by causes beyond the Contractor's reasonable control and occurring without its fault or negligence, including, without limitation, failure of suppliers, subcontractors, and carriers, to substantially meet its performance obligations under the Contract, provided that, as a condition to the claim of non-liability, the contractor shall give UBHC prompt written notice, with full details following the occurrence of the cause relied upon, and that the contractor must prove that it took reasonable steps to minimize delay or damages caused by foreseeable events and that the Contractor substantially fulfilled all non-excused obligations. Dates by which performance obligations are scheduled to be met shall be extended for a period of time equal to the time lost due to any delay so caused.

5.0 PROPOSAL PREPARATION AND SUBMISSION INSTRUCTIONS

5.1 General

The bidder must follow instructions contained in this RFP and in the bid cover sheet in preparing and submitting its bid proposal. The bidder is advised to read thoroughly and to follow all instructions.

The information required to be submitted in response to this RFP has been determined to be essential in the bid evaluation and contract award process. Any qualifying statements made by the bidder to the RFP's requirements could result in a determination that the bidder's proposal is materially non-responsive. Each bidder is given wide latitude in the degree of detail it elects to offer or the extent to which plans, designs, systems, processes and procedures are revealed. Each bidder is cautioned, however, that insufficient detail may result in a determination that the bid proposal is materially non-responsive or, in the alternative, may result in a low technical score being given to the bid proposal.

The bidder is instructed to clearly identify any requirement of this RFP that the bidder cannot satisfy.

5.2 Proposal Delivery and Identification

In order to be considered for award a bid proposal must arrive at the Department of Purchasing Services in accordance with the instructions on the RFP cover sheet. Bidders submitting proposals are cautioned to allow adequate delivery time to ensure timely delivery of proposals. UMDNJ regulations mandate that late proposals are ineligible for consideration. The exterior of all bid proposal packages must be labeled with the Request for Proposal identification number, final bid opening date and the buyer's name.

5.3 Number of Bid Proposal Copies

Each bidder must submit one (1) complete original bid proposal, clearly marked as the "ORIGINAL" bid proposal. Each bidder should also submit six (6) full, complete and exact copies of the original, clearly marked as "COPY". The copies required are necessary in the evaluation of the bid. It is suggested that the bidder make and retain a complete copy of its bid proposal.

5.4 Proposal Form and Content

The proposal should follow the format indicated in the following Sections of this RFP. The bidder should limit their response to one volume, if at all possible, with that volume divided into the four (4) following subsections:

5.5 Subsection 1 – Forms

The following forms are required with bidder's proposal and shall be submitted with bidder's proposal:

5.5.1 Ownership Disclosure Form

The bidder must complete the attached Ownership Disclosure Form. A complete Ownership Disclosure Form must be received prior to, or accompanying, the bid. Failure to do so shall preclude the award of a Contract.

5.5.2 Business Registration Notice

All New Jersey and out of State business organizations must obtain a Business Registration Certificate (BRC) from the Department of the Treasury, Division of Revenue, prior to conducting business with the State of New Jersey. Proof of valid business registration must be submitted by a bidder with its bid proposal. Failure to submit such valid business registration with a bid shall render the bid materially non-responsive. The business registration form (Form NJ-REG) can be found online at:

<http://www.state.nj.us/treasury/revenue/gettingregistered.htm#busentity>

The following forms are required before Contract award and may be submitted with bidder's proposal:

5.5.3 Affirmative Action

The bidder must complete the attached Affirmative Action Employees Information Report, or, in the alternative, supply either a New Jersey Affirmative Action Certificate, or evidence that the bidder is operating under a federally approved or sanctioned affirmative action program. The requirement is a precondition of entering into a valid and binding contract.

5.5.4 Business Associate Agreement

The bidder must complete the attached Business Associate Agreement, involving the access to protected health information that is considered protected pursuant to federal, state and/or local laws and regulations in accordance with the privacy requirements of the "HIPAA" – Health Insurance Portability and Accountability Act of 1996. The requirement is a precondition of entering into a valid and binding contract.

5.5.5 Two-Year Chapter 51 / Executive Order 117 Vendor Certification and Disclosure of Political Contributions Forms

Effective November 15, 2008, all UMDNJ contractors are required to comply with Executive Order 117. In the early Fall of 2008, Governor Jon S. Corzine signed Executive Order No. 117, which is designed to enhance New Jersey's efforts to protect the integrity of government contractual decisions and increase the public's confidence in government. The Executive Order builds on the provisions of P.L. 2005, c. 51 ("Chapter 51"), which limits contributions to certain

political candidates and committees by for-profit business entities that are, or seek to become, State government vendors.

Bidders should submit the Executive Order 117 Certification with their bid proposal. If the bidder fails to submit the Executive Order 117 Certification, the bidder, if selected for contract award, must submit and comply with Executive Order 117 requirements before the contract award can be finalized. The Executive Order 117 Certification with instructions may be found on the UMDNJ Purchasing Services Department's website at: <http://www.umdj.edu/purchweb/vendors/index.htm>

5.6 Subsection 2 - Technical Response

5.6.1 Catalogs and Price Lists

Products and services offered must be in accordance with the specifications contained herein. Dental implantable devices, ancillary/supplemental supplies, parts and tools/instruments product catalogs and price lists must be included with the bidder's submitted proposal for evaluation. **NOTE:** The Contract award shall be limited to dental implantable devices-related items only. No other catalog items shall become part of this Contract.

5.6.2 Experience of Bidder on Contracts of Similar Size and Scope

The bidder must provide information which demonstrates that they have prior experience with the operation and management of dental schools and a familiarity with the quality of work expected of similar institutions. The bidder must indicate the number of years in business and list the contracts award and references.

5.6.3 Potential Problems

The bidder should include a summary of any problems it anticipates encountering in implementing or providing the goods/services or other work elements as detailed in the Scope of Work of this Request for Proposal. The bidder should list issues or concerns which the bidder, in its judgment, feels may become problems. It is important for the bidder to convince the University of its understanding of, and ability to solve, these problem areas.

5.6.4 Bidder's Financial Capability

The bidder should provide proof of its firm's financial capacity and capabilities to undertake and successfully provide goods/services required under this Contract. A financial statement for the most recent fiscal year or bank reference is acceptable. The University reserves the right to check and evaluate the firm's financial capacity and capability by any means deemed appropriate. The submission of this information with the bid is desired by the University, but is not mandatory. However, if a bidder chooses not to include this information with its bid, this information may be requested from the bidder during the evaluation process. If the bidder is requested to submit this

information during the evaluation process, the bidder shall be required to submit it, and failure to do so shall be cause for finding the bid non-responsive.

5.7 Subsection 3 - Cost Proposal

5.7.1 Bidders must submit their cost proposal in accordance with the Price Sheet(s) included in Section 8.0 of this RFP.

5.7.2 The bidder's stated dental implantable devices, ancillary/supplemental supplies, parts and tools/instruments percent discount off of current list price must remain firm for the entire term of the Contract including the optional extension years. The bidder must submit, in January for each year of the Contract, new dental implantable devices, ancillary/supplemental supplies, parts and tools/instruments price lists and catalogs.

5.7.3 The price list must be submitted in hard copy format and as an electronic MS Excel spreadsheet. The Excel spreadsheet must follow the same layout or format as the table shown in Section 8.0, Price Sheet. The Excel spreadsheet must be on a floppy disk or compact disk and submitted with the cost proposal and for each year of the term of the Contract.

5.7.4 The bidders must provide a percent discount off of current list price for NEW implantable devices which shall become available after the Contract is awarded.

5.7.5 The bidder's percent discount must be all-inclusive and shall reflect all costs associated with design complexities, loaner fees, shipping (FOB Point Destination), receiving, delivery and surcharges.

5.7.6 The bidders must submit a "dental implantable devices, ancillary/supplemental supplies, parts and tools/instruments" catalog and price list with their proposal. **NOTE:** The Contract award shall be limited to dental implantable devices-related items only. No other catalog items shall become part of this Contract.

Failure to submit all information required shall result in the bid being considered non-responsive. Each bidder is requested to hold its percent discount firm for a minimum of 120 days so that an award can be made.

ONLY price and costing information provided by the bidder in its original bid proposal submitted in response to this RFP may later be used for additional work and/or special projects to be paid against the Contract resulting from this RFP.

NOTE: The bidder's signature on the cover of this RFP guarantees that prices set forth within the manufacturer's preprinted price lists and catalogs shall govern for the period of the Contract. The bidder also acknowledges that, notwithstanding any reference to price escalation clauses, FOB shipping point, and shipping charges contained in the preprinted

price lists, catalogs, and/or literature, such references shall not be part of any Contract awarded as a result of this RFP.

6.0 PROPOSAL EVALUATION AND CONTRACT AWARD

6.1 Evaluation Committee

Bids shall be evaluated by an Evaluation Committee composed of members of affected departments together with representative(s) from the Department of Purchasing Services. Representatives from other governmental agencies may also serve on the Evaluation Committee. On occasion, the Evaluation Committee may choose to make use of the expertise of an outside consultant in an advisory role.

6.2 Oral Presentation and/or Clarification of Bids

A bidder may be required to give an oral presentation to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid. The original bid, as submitted, however, cannot be supplemented, changed, or corrected in any way during the evaluation process. No comments regarding other bids are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid. The Purchasing Services' buyer is the sole point of contact regarding any request for an oral presentation or written clarification.

6.3 Evaluation Criteria

The following evaluation criteria categories, not necessarily listed in order of significance, shall be used to evaluate bid proposals received in response to this RFP. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process.

6.3.1 The quality of the goods proposed and their conformance to the requirements of this RFP.

6.3.2 The bidder's documented experience in successfully providing dental implantable devices, ancillary/supplemental supplies, parts and tools/instruments to institutions of similar size and scope as the UMDNJ-NJDS.

6.3.3 The bidder's cost proposal.

6.4 University's Right to Consider Additional Information
