UMDNJ shall be under no obligation to pay for work done without the Vice President's written approval.

4.18 Option to Reduce Scope of Work

UMDNJ has the option, in its sole discretion, to reduce the scope of work for any task or subtask called for under this contract. In such an event, the Vice President shall provide advanced, written notice to the Contractor.

Upon receipt of such written notice, the Contractor will submit, within five (5) working days to the Vice President, an itemization of the work effort already completed by task or subtasks. The Contractor shall be compensated for such work effort according to the applicable portions of its cost proposal.

4.19 Suspension of Work

The Vice President may, for valid reason, issue a stop order directing the Contractor to suspend work under the contract for a specific time. The Contractor shall be paid until the effective date of the stop order. The Contractor shall resume work upon the date specified in the stop order or upon such other date as the Vice President may thereafter direct in writing. The period of suspension shall be deemed added to the Contractor's approved schedule of performance. The Vice President and the Contractor shall negotiate an equitable adjustment, if any, to the contract price.

4.20 Change in Law

Whenever an unforeseen change in applicable law or regulation affects the services that are the subject of this contract, the Contractor shall advise the Vice President in writing and include in such written transmittal any estimated increase or decrease in the cost of its performance of the services as a result of such change in law or regulation. The Vice President and the Contractor shall negotiate an equitable adjustment, if any, to the contract price.

4.25 Requirements of PL 2005, Chapter 51/ Executive Order 117 Vendor Certification and Disclosure of Political Contributions

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, Public Law 2005, c.51, was signed into law on March 22, 2005. On September 24, 2008, Governor Corzine issued Executive Order 117, which is designed to enhance New Jersey's efforts to protect the integrity of procurement decisions and increase the public's confidence in procurement. The Executive Order builds upon the provisions of Chapter 51. Pursuant to the requirements of Public Law 2005, c.51, and Executive Order 117, all bidders must submit the Two-Year Chapter 51/Executive Order 177 Vendor Certification and Disclosure of Political Contributions with their bid proposal. See Section 9 of this RFP for the certification form. The form and instructions for completion of the form may be found at http://.umdnj.edu/purchweb/employees/employ36_forms_policies.htm .

4.25.1 State Treasurer Review

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the Contractor. If the State Treasurer determines that any contribution or action by the Contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation the State Treasurer shall disqualify the Business Entity from award of such contract.

4.26 New Jersey Election Law Enforcement Commission Requirement

The Contractor is advised of its responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission (ELEC), pursuant to N.J.S.A. 19:44A-20.13 (P.L. 2005, c.271, section 3) if the Contractor receives in excess of \$50,000 from a public entity in a calendar year. It is the Contractor's responsibility to determine if filing is necessary. Failure to so file can result in the imposition of financial penalties by ELEC. Additional information about this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

4.27 Federal and State Laws and Regulations Regarding Healthcare

The University is committed to compliance with all federal and state regulations regarding healthcare, including but not limited to licensing, Stark and anti-kickback laws, Medicare and Medicaid regulations. All services provided under this bid and the contract award under this bid must comply with all applicable laws. In addition, if a violation comes to the attention of either party, or any changes in the laws or regulations occurs which make the bid or contract entered into between the parties as a result of the bid, to be in violation of any applicable law, then the agreement shall be amended to address the violation or to comply with the change, or terminated if amending will not resolve the violation. The University shall have the option to amend the contract resulting from the RFP in order to comply with all applicable local, State and Federal laws, rules and regulations.

5.0 PROPOSAL PREPARATION AND SUBMISSION INSTRUCTIONS

5.1 General

The bidder must follow instructions contained in this RFP and in the bid cover sheet in preparing and submitting its bid proposal. The bidder is advised to read thoroughly and to follow all instructions.

The information required to be submitted in response to this RFP has been determined to be essential in the bid evaluation and contract award process. Any qualifying statements made by the bidder to the RFP's requirements could result in a determination that the bidder's proposal is materially non-responsive. Each bidder is given wide latitude in the degree of detail it elects to offer or the extent to which plans, designs, systems, processes and procedures are revealed. Each bidder is cautioned, however, that insufficient detail may result in a determination that the bid proposal is materially non-responsive or, in the alternative, may result in a low technical score being given to the bid proposal.

The bidder is instructed to clearly identify any requirement of this RFP that the bidder cannot satisfy.

5.2 Proposal Delivery and Identification

In order to be considered a bid proposal must arrive at the Department of Purchasing Services in accordance with the instructions on the RFP cover sheet. Bidders submitting proposals are cautioned to allow adequate delivery time to ensure timely delivery of proposals. UMDNJ regulations mandate that late proposals are ineligible for consideration. The exterior of all bid proposal packages must be labeled with the Request for Proposal identification number, final bid opening date and the buyer's name.

5.3 Number of Bid Proposal Copies

Each bidder must submit one (1) complete original bid proposal, clearly marked as the "ORIGINAL" bid proposal. Each bidder should also submit four (4) full, complete and exact copies of the original. The copies required are necessary in the evaluation of the bid. It is suggested that the bidder make and retain a complete copy of its bid proposal.

5.4 Proposal Form and Content

The proposal should follow the format indicated in the following Sections of this RFP. The bidder should limit their response to one volume, if at all possible, with that volume divided into four (4) sections as indicated below.

5.5 Section 1 – Forms

5.5.1 Ownership Disclosure Form

The bidder must complete the attached Ownership Disclosure Form. A complete Ownership Disclosure Form must be received prior to, or accompanying, the bid. Failure to do so will preclude the award of a contract.

5.5.2 MacBride Principles Certification

The bidder must complete the attached MacBride Principles Certification evidencing compliance with the MacBride Principles. Failure to do so may result in the award of the contract to another bidder.

5.5.3 Affirmative Action

The bidder should complete the attached Affirmative Action Employees Information Report, or, in the alternative, supply either a New Jersey Affirmative Action Certificate, or evidence that the bidder is operating under a Federally approved or sanctioned affirmative action program. The requirement is a precondition of entering into a valid and binding contract.

5.5.6 Business Associate Agreement

The bidder should complete the attached Business Associate Agreement, involving the access to protected health information that is considered protected pursuant to federal, state and/or local laws and regulations in accordance with the privacy requirements of the “HIPAA” – Health Insurance Portability and Accountability Act of 1996. The requirement is a precondition of entering into a valid and binding contract.

5.5.7 Business Registration Notice

All New Jersey and out of State business organizations must obtain a Business Registration Certificate (BRC) from the Department of the Treasury, Division of Revenue, prior to conducting business with the State of New Jersey. Proof of valid business registration must be submitted by a bidder with its bid proposal. Failure to submit such valid business registration with a bid will render the bid materially non-responsive. The business registration form (Form NJ-REG) can be found online at:

<http://www.state.nj.us/treasury/revenue/gettingregistered.htm#busentity>

5.5.8 Requirements of PL 2005, Chapter 51/ Executive Order 117 Vendor Certification and Disclosure of Political Contributions

Pursuant to the requirements of Public Law 2005, c.51, and Executive Order 117, all bidders must submit the Two-Year Chapter 51/Executive Order 177 Vendor Certification and Disclosure of Political Contributions with their bid proposal. See Section 9 of this RFP for the certification form. Instructions for completion of the form may be found at http://www.umdny.edu/purchweb/employees/employ36_forms_policies.htm .

5.6 Section 2 – Technical Proposal

In this Section, the bidder shall describe its approach and plans for accomplishing the work outlined in the Scope of Work Section, i.e., Section 3.0. The bidder must set forth its understanding of the requirements of this RFP and its ability to successfully complete the contract. This section of the proposal should contain at least the following information:

5.6.1 Management Overview

The bidder shall set forth its overall technical approach and plans to meet the requirements of the RFP in a narrative format. This narrative should convince UMDNJ that the bidder understands the objectives that the contract is intended to meet, the nature of the required work and the level of effort necessary to successfully complete the contract. The narrative should convince UMDNJ that the bidder's general approach and plans to undertake and complete the contract are appropriate to the tasks and subtasks involved.

Mere reiterations of RFP tasks and subtasks are strongly discouraged, as they do not provide insight into the bidder's ability to complete the contract. The bidder's response to this Section should be designed to convince UMDNJ that the bidder's detailed plans and approach proposed to complete the Scope of Work are realistic, attainable and appropriate and that the bidder's proposal will lead to successful contract completion.

5.6.2 Contract Management

The bidder should describe its specific plans to manage, control and supervise the contract to ensure satisfactory contract completion according to the required schedule. The plan should include the bidder's approach to communicate with UMDNJ, including, but not limited to, status meetings, status reports, etc.

5.6.3 Contract Schedule

The bidder should include a contract schedule. If key dates are a part of this RFP, the bidder's schedule should incorporate such key dates and should identify the completion date for each task and sub-task required by the Scope of Work. Such schedule should also identify the associated deliverable items(s) to be submitted as evidence of completion of each task and/or subtask.

The bidder should identify the contract scheduling and control methodology to be used and should provide the rationale for choosing such methodology. The use of Gantt, Pert or other charts is at the option of the bidder.

5.6.4 Implementation Plan

It is essential that UMDNJ move forward quickly to have the contract in place. Therefore, the bidder must include as part of its proposal an implementation plan, beginning with the date of notification of contract award. Such implementation plan should include the following elements:

5.6.4.1 A detailed timetable for the implementation period. The timetable should be designed to demonstrate how the bidder will have all services available within the time frame indicated in the RFP.

5.6.4.2 The bidder's plan for the deployment and use of management, supervisory or other key personnel during the implementation period. The plan should show all management, supervisory and key personnel that will be assigned to manage, supervise and monitor the bidder's implementation of the contract within the period specified.

NOTE: The bidder should clearly identify management, supervisory or other key staff that will be assigned only during the implementation period.

5.6.4.3 The bidder's plan for recruitment of staff required to provide all services required by the RFP on the contract start date at the end of the implementation period. The bidder should submit a plan for the purchase and distribution of equipment, inventory, supplies, materials, etc., that will be required to fully implement the contract required start date.

5.6.4.4 The bidder should submit plan for the use of subcontractor(s), if any, on this contract. Emphasis should be on how any subcontractor identified will be involved in the implementation plan.

5.6.5 Budget

The bidder should submit the budget it has developed for providing the services required by this RFP. *This information will be used for evaluation purposes only*, and is intended to provide the University with an additional perspective on how the bidder will allocate financial resources in undertaking the work required by this RFP.

5.6.6 Potential Problems

The bidder should set forth a summary of any and all problems that the bidder anticipates during the term of the contract. For each problem identified, the bidder should provide its proposed solution.

5.7 Section 3 – Organizational Support and Experience

The bidder should include information relating to its organization, personnel, and experience, including, but not limited to, references, together with contact names and telephone numbers, evidencing the bidder's qualifications and capabilities to perform the services required by this RFP.

5.7.1 Location

The bidder should include the location of the bidder's office that will be responsible for managing the contract. The bidder should include the telephone number and name of the individual to contact.

5.7.2 Organizational Chart (Contract Specific)

The bidder should include a contract organizational chart, with names showing management, supervisory and other key personnel (including subcontractor's management, supervisory or other key personnel) to be assigned to the contract. The chart should include the labor category and title of each such individual.

5.7.3 Résumés

Detailed résumés should be submitted for all management, supervisory and key personnel to be assigned to the contract. Résumés should be structured to emphasize relevant qualifications and experience of these individuals in successfully completing contracts of a similar size and scope to those required by this RFP. Résumés should clearly identify previous experience in completing similar contracts. Beginning and ending dates should be given for each similar contract. A description of the contracts should be given and should demonstrate how the individual's work on the completed contract related to the individual's ability to contribute to the successfully providing the services required by this RFP. With respect to each similar contract, the bidder should include the name and address of each reference together with a person to contact for a reference check and telephone number.

5.7.4 Backup Staff

The bidder should include a list of backup staff that may be called upon to assist or replace primary individuals assigned. Backup staff must clearly be identified in the proposal as backup staff.

5.7.5 Organization Chart (Entire Firm)

The bidder should include an organizational chart showing the bidder's entire organizational structure. This chart should show the relationship of the individuals assigned the contract to the bidder's overall organizational structure.

5.7.6 Experience of Bidder on Contracts of Similar Size and Scope

The bidder should provide a comprehensive listing of contracts of similar size and scope that it has successfully completed, as evidence of the bidder's ability to successfully complete the services required by this RFP. Emphasis should be placed on contracts that are similar in size and scope to those required by this RFP. A description of all such contracts should include and should show how such contracts relate to the ability of the firm to complete the services required by this RFP. For each such contract, the bidder should provide the name and telephone number of a contact person for the other contract party. Beginning and ending dates should also be given for each contract.

5.7.7 Financial Capability of the Bidder

The bidder should provide proof of its financial capabilities to undertake and successfully complete the contract. A certified financial statement for the most recent fiscal year and current bank reference(s) are acceptable. If a bidder chooses not to include this information with its bid, this information may be requested from the bidder during the evaluation process. If the bidder is requested to submit this information during the evaluation process, the bidder will be required to submit it, and failure to do so will be cause for finding the bid non-responsive.

5.7.8 Subcontractor(s)

5.7.8.1 Should the bidder propose to utilize a subcontractor(s) to fulfill any of its obligations, the bidder shall be responsible for the subcontractor's(s): (a) performance; (b) compliance with all of the terms and conditions of the contract; and, (c) compliance with the requirements of all applicable laws.

5.7.8.2 The bidder should provide detailed description of services to be provided by each subcontractor, referencing the applicable Section or subsection of this RFP.

5.7.8.3 The bidder should provide detailed résumés for each subcontractor's management supervisory and other key personnel that demonstrate knowledge, ability and experience relevant to that part of the work, which the subcontractor is designated to perform.

5.7.8.4 The bidder should provide documented experience demonstrating that each subcontractor has successfully performed work on contracts of a similar size and scope to the work that the subcontractor is designated to perform in the bidder's proposal.

5.8 Section 4 – Cost Proposal

5.8.1 Bidders must submit their cost proposal in accordance with the Price Sheet(s) included in this RFP as Section 8.0.

Failure to submit all information required will result in your bid being considered non-responsive. Each bidder is requested to hold its prices firm for a minimum of one hundred twenty (120) days so that an award can be made.

5.8.2 Each bidder should also provide a comprehensive listing of all labor categories that may be used to perform additional work and/or special projects or according to the additional work and/or special project clause(s) of this RFP. Loaded hourly rates are to be submitted for all labor categories that the bidder anticipates may be required to perform additional work and/or special projects.

Failure to include a labor category along with a loaded hourly rate will exclude that category from eligibility to perform additional work and/or special projects under the contract resulting from this RFP. Each bidder may submit labor categories for additional work that are not included in the base proposal to perform the Scope of Work required by this RFP.

Each bidder may also submit any additional price or cost information that the bidder feels may be required to perform any additional work and/or special projects required by this RFP.

ONLY price and costing information provided by the bidder in its original bid proposal submitted in response to this RFP may later be used for additional work and/or special projects to be paid against the contract resulting from this RFP.

6.0 PROPOSAL EVALUATION AND CONTRACT AWARD

6.1 Proposal Evaluation Committee

Proposals may be evaluated by an Evaluation Committee composed of members of affected departments together with representative(s) from the Department of Purchasing Services. Representatives from other governmental agencies may also serve on the Evaluation Committee. On occasion, the Evaluation Committee may choose to make use of the expertise of an outside consultant in an advisory role.

6.2 Oral Presentation and/or Clarification of Bids

A bidder may be required to give an oral presentation to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid. The original bid, as submitted, however, cannot be supplemented, changed, or corrected in any way during the evaluation process. No comments regarding other bids are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid. The Purchasing Services' buyer is the sole point of contact regarding any request for an oral presentation or written clarification.

6.3 Evaluation Criteria

The following evaluation criteria categories, not necessarily listed in order of significance, will be used to evaluate bid proposals received in response to this RFP. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process.

- 6.3.1 The bidder's general approach and plans to meet the requirements of this RFP.
- 6.3.2 The bidder's detailed approach and plans to perform the services required by the Scope of Work Section of this RFP.
- 6.3.3 The bidder's documented experience in successfully completing contracts of a similar size and scope of those required by this RFP.

6.3.4 The qualifications and experience of the bidder's management, supervisory or other key personnel assigned to the contract, with emphasis on documented experience in successfully completing work on contracts of similar size and scope to those required by this RFP.

6.3.5 The overall ability of the bidder to mobilize, undertake and successfully provide the services requested under the contract. This judgment will include, but not be limited to, the following factors: the number and qualifications of management, supervisory and other staff proposed by the bidder to complete the contract, the availability and commitment to the contract of the bidder's management, supervisory and other staff proposed and the bidder's contract management plan, including the bidder's contract organizational chart.

6.3.6 The bidder's cost proposal.

6.4 University's Right to Consider Additional Information

6.4.1 The Vice President may obtain any information determined to be appropriate regarding the ability of the bidder to supply and/or render the service required by this RFP.

6.4.2 The Vice President may consider such other factors that, in the opinion of the Vice President, are important in evaluating the bidder's proposal and awarding contracts as determined to be in the best interest of the University.

6.4.3. The University reserves the right to request all bidders to explain the method used to arrive at any or all cost or pricing figures.

6.4.4 When making the contract award decision, the University may consider evidence of formal or other complaints against any bidder(s) by the University for contracts held in the past or present by the bidder.

6.4.5 The University reserves the right to check the bidder's financial capacity and ability to successfully undertake and provide the services required by this RFP by any means deemed appropriate.

6.4.6 The University reserves the right to conduct site inspections of any facility(s) serviced by the bidder(s) to assist in judging the bidder's ability to provide the services required by this RFP. This applies to all facilities services by the bidder or any sub-contractor to the bidder. This right extends to all facilities of which the University is aware, or about which it becomes aware, that the bidder is servicing, whether or not the facility is listed in the bidder's proposal.

6.5 Negotiation and Best and Final Offer (BAFO)

After evaluating bid proposals, the evaluation committee may enter into negotiations with each bidder in the competitive range, unless there are too many highly rated proposals to evaluate efficiently. In this situation, UMDNJ may limit the competitive range to the number of proposals that will permit efficient competition among the most highly rated proposals. The primary purpose of negotiations is to maximize UMDNJ's ability to get the best value, based on the requirements and evaluation criteria set forth in the RFP. Negotiations may involve the identification of significant proposal weaknesses, ambiguities and other deficiencies that could limit a bidder's award potential, including payments. More rounds of negotiations may be held with one bidder in the competitive range than with another. Negotiations will be structured to safeguard information and ensure that all bidders in the competitive range are treated fairly. When the evaluation committee determines to conclude negotiations, all bidders in the competitive range will be so notified and advised of the time and place for submission of best and final offers. The best and final offer can modify any aspect of the bid proposal, provided mandatory RFP requirements are satisfied and further provided that the revised payment proposal is not higher than the original payment proposal. Any revised payment proposal that is not equal to or higher in payment than the original payment proposal will be rejected as non-responsive.

Evaluation of the best and final offers will be on the basis of payment and the evaluation criteria set forth in the RFP. If, after review of the best and final offers, clarification is required, it may be sought from the bidders. If further negotiation is desired after evaluation of the revised proposals, it will be followed by another BAFO opportunity. UMDNJ reserves the right to reassess the competitive range before proceeding with a subsequent round of negotiations and BAFO submissions and to remove from the competitive range any proposal that is no longer considered to be a leading contender for award. After evaluation of the final BAFO submissions, the evaluation committee will recommend to the Vice President for award the responsible bidder(s) whose bid proposal(s), conforming to the RFP, is most advantageous to the State, payment and other factors considered. The Vice President may accept, reject or modify the recommendation of the Evaluation Committee. The Vice President may negotiate further increases in payment with the selected bidder.

Negotiations will only be conducted in those circumstances where they are deemed by UMDNJ to be in UMDNJ's best interests and to maximize the UMDNJ's ability to get the best value. Therefore, bidders are advised to submit their best technical and payment proposals in response to this RFP, because the UMDNJ may, after evaluation, make a contract award based on the content of these initial submissions, without further negotiation with any bidder.

All contacts, records of initial evaluations, any correspondence with bidders related to any request for clarification, negotiation or BAFO, any revised technical and/or payment proposals, the Evaluation Committee Report and the Award Recommendation, will remain confidential until a Notice of Intent to Award a contract is issued.

6.6 Contract Award

The contract shall be awarded with reasonable promptness by written notice to that responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to UMDNJ, price and other factors considered. Any or all bids may be rejected when the Vice President determines that it is in the public interest to do so.

6.7 Bidder's Right to Challenge a Contract Award

Except in cases of emergency, bidders have the right to protest a proposed contract award.

A bidder's protest must be submitted to the buyer of record with a copy to the Vice President of Supply Chain Management ("Vice President") within ten (10) days of receipt of notice to the bidder that it did not receive a contract award for its submitted bid proposal or notice that an award had been made to another bidder. The protest period may be shortened by the Vice President of Supply Chain Management. If the protest period is shortened or a protest period is not authorized due to emergency, all bidders will receive notice of the shortened protest period or emergency in the notice sent to bidder on the award of the contract.

Notices of contract award under this section may be faxed, e-mailed, sent by regular mail or by any other means, excluding telephonic communication, conducive to transmitting the notice. If notice is sent by regular mail, the recipient is deemed to have received the notice three (3) days after mailing.

If a bidder files a protest to a contract award under this section, the bidder must set forth in writing with specificity the basis of the protest. At the time of the protest filing, the bidder must also submit all documentation supporting the basis of the protest. Failure to comply with these requirements may lead to rejection of the protest and UMDNJ award of the contract.

The protest will be reviewed and addressed with reasonable promptness. If deemed necessary by Vice President, a hearing may be held on the merits of the protest. In all cases, the Vice President will notify the bidder of the final determination on the protest.
