

Worried About Prostate Cancer? Experiencing rising PSA levels?

You may be eligible to participate in a research study sponsored by Mount Sinai School of Medicine and UMDNJ-New Jersey Medical School!

The purpose of this study is to improve prostate cancer treatment decisions by collecting information from patients that have been diagnosed with rising prostate specific antigen (PSA) after having prostate cancer.

- You may be asked to complete between 4 to 5 surveys over one (1) year.
- You will receive a \$10 gift certificate for completing each survey.

In Collaboration:

Mark L. Jordan, MD
Margarette R. Bryan, MD
Ana Natale-Pereira, MD, MPH
Michael A. Diefenbach, Ph. D
