

To all faculty and students:

EKGs and Holter study reports are currently available electronically through MUSE Web. In order to access MUSE Web all users must complete the Muse WebCt course. Upon completion of the course you will need to print out the certificate , complete the Confidentiality agreement and have the MUSE Access Request Form signed by your manager or supervisor.

To access the Muse Web CT course log into:

[http://umdnjwebprod.umdnj.edu/ca/ist/educational\\_services/edu\\_MUSE\\_train.shtml](http://umdnjwebprod.umdnj.edu/ca/ist/educational_services/edu_MUSE_train.shtml) to go to the MUSE Web registration page to register for WebCt course.

Once you have obtained access to the MUSE Web application, you can use the link <http://uhecg.umdnj.edu> to retrieve EKG's and Holter studies within the University Hospital Campus.

Locations which currently have generic users, will have those users TURNED OFF. The date for turning off the generic user is: 6/19/08. After that date, you must use your core user id to access Museweb.

HST is offering an open registration period to obtain MUSE Web access. Bring all completed documentation (Muse certificate, confidentiality statement and the Muse access request form) to:

**Site: University Hospital B-105**

**Dates: June 26, 8:00 am to 12:00 pm**

**June 27, 8:00 am to 4:00 pm**

Please contact George Joseph at [josephge@umdnj.edu](mailto:josephge@umdnj.edu) with any questions concerning the registration. Thank you.
